Étape 19 : Ancrage du pavillon / Step 19: Anchoring the pavilion

Le pavillon doit être ancré à un plancher de bois ou de béton en utilisant les vis appropriées à chaque type de plancher. Les clous de camping ne peuvent pas être utilisés comme ancrage permanent, sinon, la garantie sera alors annulée.

The pavilion must be anchored to either wood, stone tiles, or concrete using appropriate anchors to the type of floor on which it will be installed. Camp nails cannot be used for permanent anchoring. Failure to do so will nullify the warranty.
